DELIVER ON DEMAND

We advance by moving forward.
We progress by thinking forward.

SEGRO Logistics Park Northampton puts intermodal transport front and centre. We've transformed infrastructure with our brand new strategic rail freight interchange (SRFI) and major upgrades to the surrounding road network.

Connected to the West Coast Main Line via the Northampton loop and moments from the M1 Junction 15, customers can count on more resilient, sustainable operations — and it's already attracted some of the UK's biggest brands.

Rail Freight

MOVE TOWARDS NET ZERO

Welcoming both employees and local wildlife alike, **SEGRO Logistics Park Northampton has over 80 acres of parkland and amenity grassland**, with 18km of footpaths, 20km of hedgerows, and 60,000 new trees.

To protect local species and the biodiversity of the local area, hedges and soils have been carefully relocated, while supplementary trees and wildflower seeds have been used to enhance the natural landscape.

Our Responsible SEGRO framework introduces three long-term priorities to which we can make the greatest business, environmental and social contribution.

Investing in our local communities and environments

Nurturing talent

Championing low-carbon growth

Against the backdrop of the climate emergency, we work with our customers to drive lasting change while helping everyone hit their own sustainability targets.

This means leading by example. SEGRO is targeting an 81% reduction in corporate and customer emissions intensity and a 58% reduction in the embodied emissions intensity of our developments by 2034. We intend to be net-zero carbon by 2050.

This will be achieved through low-carbon development design, increasing the use of low-carbon building materials, efficient electrical heating systems, and 100% zero-carbon electricity in our properties.

We are dedicated to constructing highly efficient, low-carbon warehouse space that's tailored to your specific operational needs.
