WHAT IS LIFTSHARING?

Liftsharing (or car sharing) is when two or more people travel together in a car. The scheme enables organised liftsharing by connecting those travelling in the same direction, so they can arrange to travel together and share the costs. You can post your journey as either a passenger, driver or both.

BECOME A SUPER COMMUTER

1. Sign up at the URL below or scan the QR code on this leaflet.
2. Register your journey on the system as either a passenger, driver or both;
3. Search for a journey, find a match and send a request to share – either 'ask to share' within the passenger section or 'message' within the driver section.
4. Download the Mobilityways App to authenticate your journey and form your team – remember to authenticate everytime you share
5. If you already share your journey with someone, they will need to register for you to match on the system.

BENEFITS OF LIFTSHARING

Save hundreds in travel costs every year

It's flexible
simply share when you can

Reduce your environmental impact

A great way of networking
meeting new colleagues and making new friends
