DELIVER ON DEMAND

We advance by moving forward.
We progress by thinking forward.

SEGRO Logistics Park Northampton puts intermodal transport front and centre. We've transformed infrastructure with our brand new strategic rail freight interchange (SRFI) and major upgrades to the surrounding road network.

Connected to the West Coast Main Line via the Northampton loop and moments from the M1 Junction 15, customers can count on more resilient, sustainable operations — and it's already attracted some of the UK's biggest brands.

Rail Freight

76%

reduction in carbon emissions per tonne*

We are delighted to have partnered with multi-modal logistics leaders, Maritime Transport, as the rail freight operator at SEGRO Logistics Park Northampton.

The 775m long, open access, strategic rail freight interchange is capable of receiving the largest container freight trains with storage capacity for almost 2,500 TEU (20 ft equivalent containers) and parking for over 125 trucks.

Supporting the rail terminal operation, Maritime has already completed the construction of a high specification, 4-storey office with welfare facilities, new container handling equipment and provisions for electric truck and car charging infrastructure.

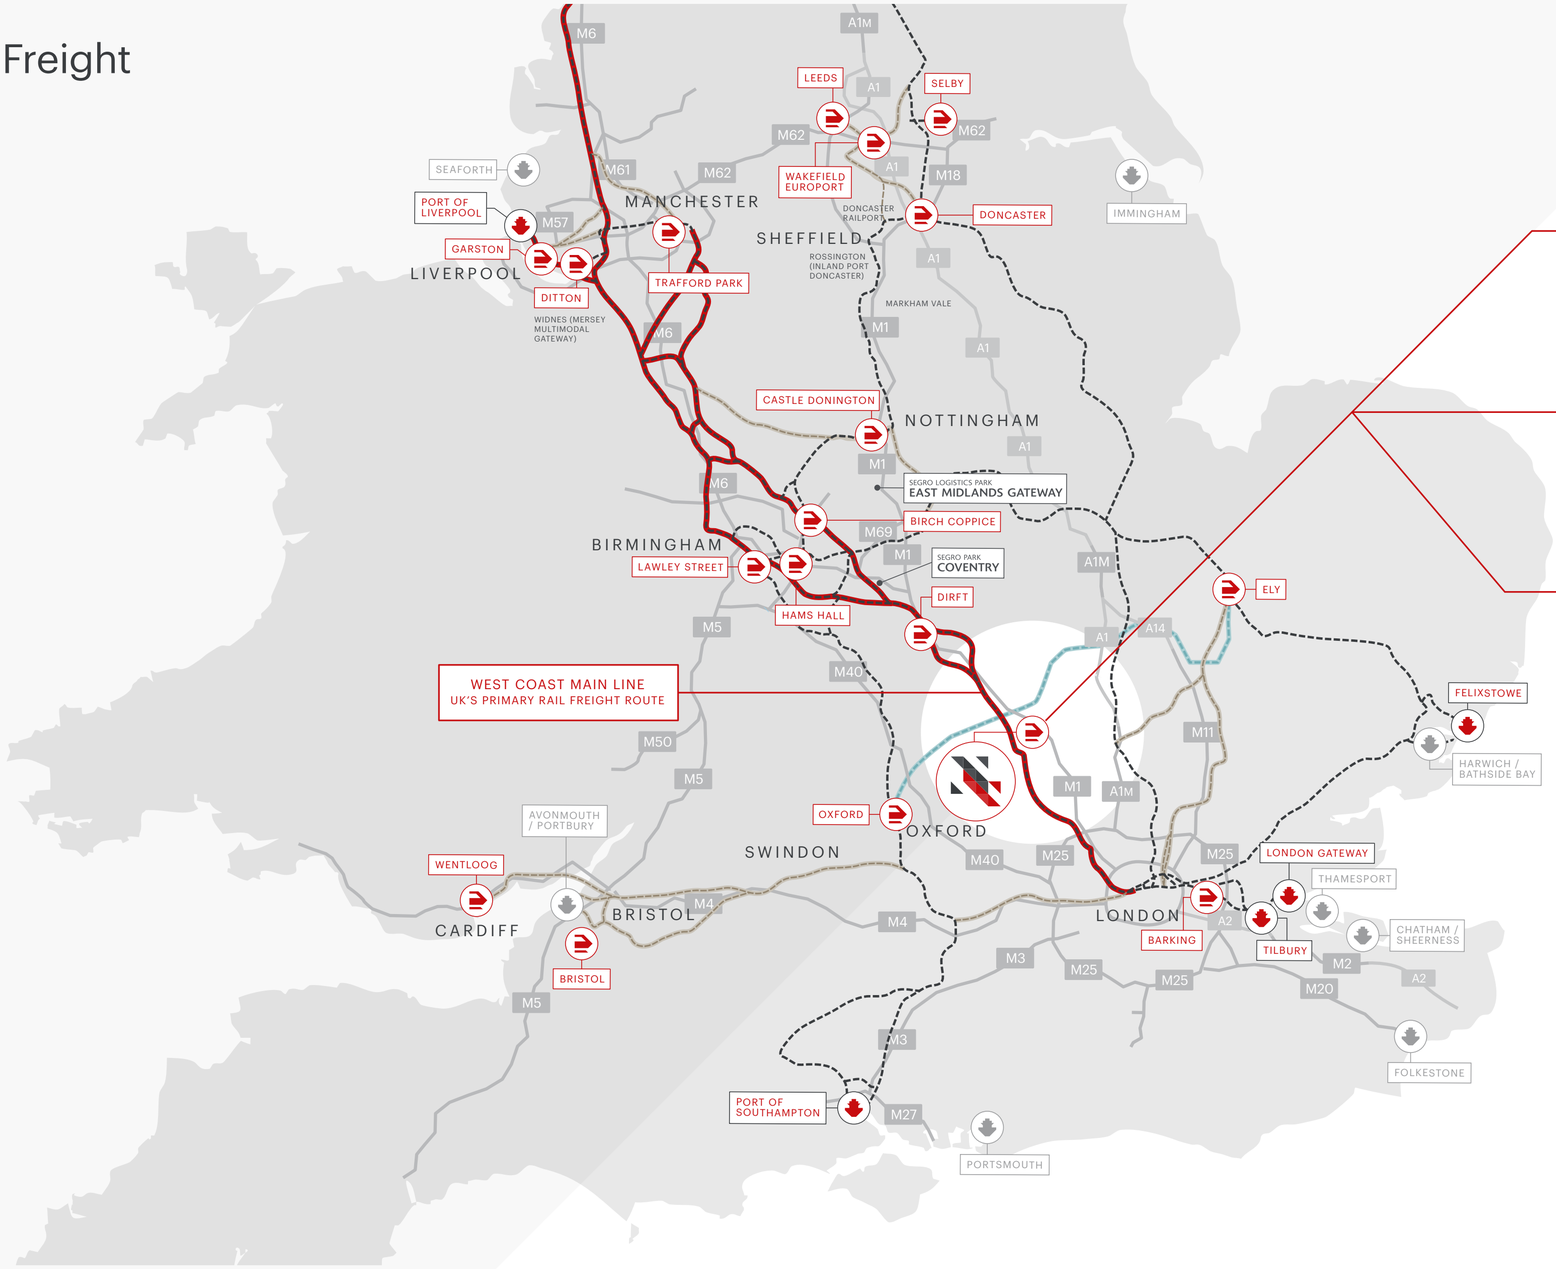

With the rail terminal already operational, now is the time to make your move towards faster and more sustainable logistics.

*Compared to road haulage.

TALENT ON DEMAND

Partnering with local councils and community groups, SEGRO is rolling out an employment and skills programme to train and connect local people with new opportunities.

SEGRO Logistics Park Northampton is set to create around 7,500 direct jobs, including 120 during the infrastructure construction phase, creating a huge impact on the local economy.

Labour

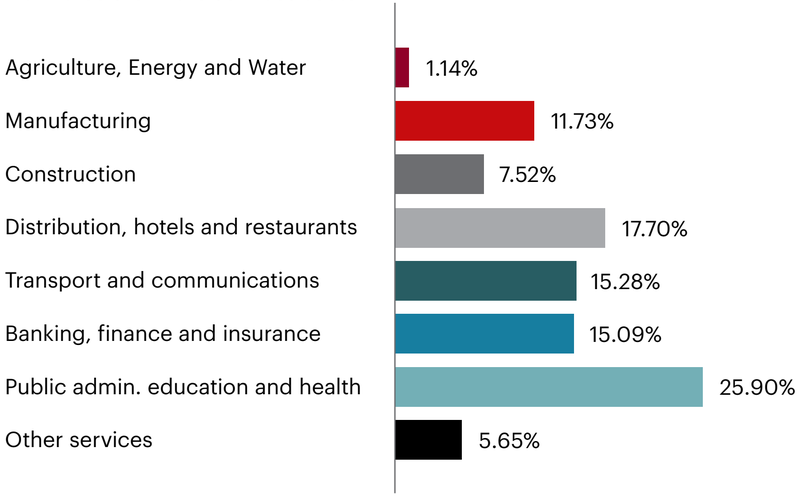

The population of Northampton has risen by 11% in the last 12 years, compared to a national increase of 6%, and the resident labour force is currently 148,400.

75% of the Northamptonshire workforce are already working in the services sector and within this 31% are in the area of wholesale distribution, ensuring that the local labour pool is ideally suited to working within a distribution environment.

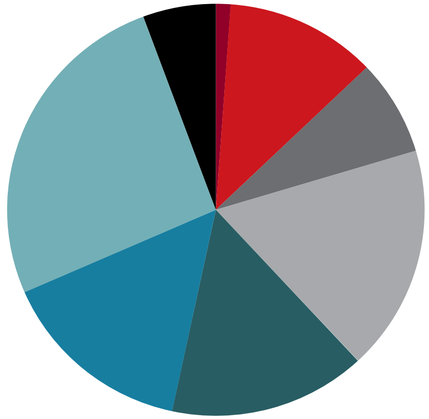

A sustainable bus route will connect SEGRO Logistics Park Northampton to the town centre and local neighbourhoods to the south.

Workforce skills

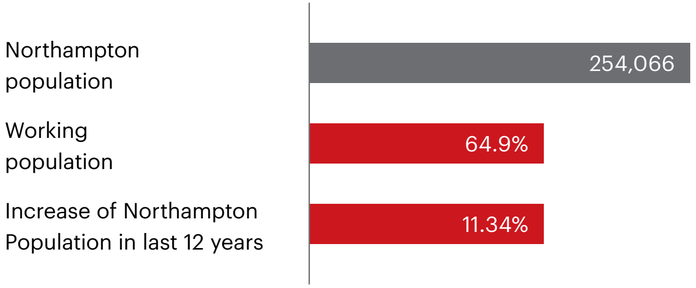

75% of the Northamptonshire workforce are in the services sector.

MOVE TO NET ZERO

We intend to be net-zero carbon by 2050

Our Responsible SEGRO framework introduces three long-term priorities to which we can make the greatest business, environmental and social contribution.

Championing low-carbon growth

Investing in our local communities and environments

Nurturing talent

Against the backdrop of the climate emergency, we work with our customers to drive lasting change while helping everyone hit their own sustainability targets.

This means leading by example. SEGRO is targeting an 81% reduction in corporate and customer emissions intensity and a 58% reduction in the embodied emissions intensity of our developments by 2034. We intend to be net-zero carbon by 2050.

This will be achieved through low-carbon development design, increasing the use of low-carbon building materials, efficient electrical heating systems, and 100% zero-carbon electricity in our properties.

We are dedicated to constructing highly efficient, low-carbon warehouse space that's tailored to your specific operational needs.

To find out more about SEGRO's net-zero ambitions, please visit:

SEGRO LOGISTICS PARK NORTHAMPTON I UNIT 5

MADE WITH NATURE IN MIND

Welcoming both employees and local wildlife alike, SEGRO Logistics Park Northampton has over 80 acres of parkland and amenity grassland, with 18km of footpaths, 20km of hedgerows, and 60,000 new trees.

To protect local species and the biodiversity of the local area, hedges and soils have been carefully relocated, while supplementary trees and wildflower seeds have been used to enhance the natural landscape.
